"Serious about wine? A trip through the South West reveals a surprise hidden in the woods" "
It is in fact an Enomatic wine dispenser machine, not one, but six of them. Each machine dispenses eight bottles meaning Tall Timbers officially has WA's biggest wine offering under argon. Add to that, its extensive wine list has every wine – yes, every wine – sold by the glass. We reckon each Enomatic costs about \$20,000, so that's \$120,000 right there. Serious investment."

Rob Broadfield

Consider us your one-stop Cellar Door for the region. We've brought together a spectacular selection of wines from the finest winemakers around Manjimup and Pemberton. Our EnoMatic machines serve as your personal sommelier, guiding you through a wine journey, from the crispest whites to the most robust reds.

WITH 40+ WINES AVAILABLE FOR TASTING AT ANY GIVEN TIME, YOU HAVE THE FREEDOM TO EXPLORE AND REDISCOVER YOUR FAVOURITES.
